

My name is Marlene Perry. I am a special education teacher in the Waynesboro Public School system. Previously, I have served on the Waynesboro Public School Special Education Advisory Board. Also, I have served as a member of the Waynesboro Public Library Foundation Board. I am involved with the media programs at Union Baptist Church Waynesboro. I feel it is important to serve others. I love the philosophy of Lifeworks projects to help others, needing guidance and support with life's ups and downs. I want others in the community to see the many blessings' people are receiving through Lifeworks' missions to serve others. I would like to help promote these goals by spreading the word.
